EDUCATION

Cornell University, College of Arts & Sciences

August 2022 - Expected May 2026

Bachelor of Arts in Statistical Science | Double Minor in Artificial Intelligence & Computer Science

Ithaca, NY

- **Related Courses:** Probability and Statistics, Machine Learning, Applied Neural Networks, Foundations of Artificial Intelligence, Linear Algebra, Multivariable Calculus, Categorical Data, Object-Oriented Programming

PROFESSIONAL EXPERIENCE

4APP Sports LLC

June 2025 - August 2025

Data Analytics Intern

Scottsdale, AZ

- Designed and deployed an analytics dashboard in Streamlit that processed over 900,000 rows of behavioral data using Python and VSCode, allowing leadership to make retention and product decisions
- Integrated user analytics with MongoDB and GoHighLevel CRM, automating outreach campaigns for new users and improving onboarding efficiency while preserving user privacy
- Engineered Python automation in Google Colab to map and validate more than 1,000 media assets and their descriptions, reducing manual workload, implementing data validation, and saving staff dozens of hours

Great Lakes Baseball Academy

June 2022 - August 2022

Sports Science Intern

Woodbury, MN

- Analyzed longitudinal readiness data for 100+ athletes in RStudio, identifying recovery and performance trends
- Delivered weekly visualization reports in RStudio that coaching staff used to modify training loads, individualizing programming based on athlete readiness, and flagging athletes showing signs of under-recovery

PROJECT EXPERIENCE

Stroke Prediction Dashboard | Claude Code, Scikit-learn, TensorFlow, Pandas, Numpy, Optuna, Shap, Streamlit

- Applied a three-phase clinical research workflow to 5,110 patient records, mirroring CRC study design
- Identified 8 significant predictors via chi-square tests, Mann-Whitney U tests, and odds ratio analysis
- Trained ElasticNet logistic regression with Bayesian optimization, attaining 0.841 AUC-ROC, 78.5% accuracy
- Visualized results through two Streamlit dashboards with CIs, distributions, accuracy plots, SHAP interpretability

Sportsbook Analytics Program | Pandas, Scikit-learn, BeautifulSoup, UnitTest

- Automated data pipelines for pregame odds from six sportsbooks across 11 leagues and three bet types
- Developed and backtested probabilistic prediction models (Naive Bayes), achieving 61.5% accuracy, matching top-performing DraftKings, outperforming BetMGM and Caesars Sportsbook money lines in 24-25 NBA season

CERTIFICATIONS

Anthropic

Issued April 2026

- Claude Code 101 • Claude Code in Action • Introduction to Subagents • Introduction to Agent Skills

LinkedIn

Issued April 2026

- Excel: Managing and Analyzing Data • Power BI: Essential Training

TECHNICAL SKILLS

- **Programming Languages:** Python, R, SQL, C, Java, Assembly, OCaml
- **Frameworks & Tools:** Microsoft Office Suite, Power BI, RStudio, GitHub/Git, Tableau, Docker, AWS, VSCode
- **Language Skills:** Fluent Spanish, Intermediate Italian
- **Extracurriculars:** Cornell Leaders 2 Leaders (L2L), Cornell Student Athlete Advisory Committee (SAAC)

LEADERSHIP EXPERIENCE

Cornell University Varsity Baseball (Division I)

August 2022 - Present

Division I Athlete

Ithaca, NY

- Balanced 20+ hours/week athletics with full Ivy League academic course load, contributing to first Ivy League championship appearance in 12 years through teamwork, communication, multitasking, and time management
- Selected to Leadership Council, mentoring 35+ student-athletes in discipline, accountability, growth, and culture
